CHICAGO, Aug. 12.—Chances of an armistice being arranged between Russia and Poland had a bearish affect today on the wheat market. Movement of Prices Early Toward Higher Levels, But Changes Small.

Changes Small.

NEW YORK, Aug. 13.—Many of the influential shares such as United States Steel and Baldwin showed little variation from yesterday's final prices at the opening of the stock market today Movements were toward higher levels with buying of special stocks in considerable volume. Reports that the long pending merger of various chemical companies soon wild be consummated influenced an active inquiry for the group. National Anilene advanced 5. General Chemical 4. and Barrett company 2% points. Investment oils also were stronger. Mexican Petroleum rising 1 and Shell Transport 2%. United States Rubber and Endicott-Johnson gained a point each, and American Woolen 3. Rallroads were neglected Maxwell Motors first preferred sagged 1% and Central Leather %. Sterling exchange was sleady.

Professional traders leaned toward the buying side and directed their efforts against the short interest. Gains were largely extended, with United States Steel, Crucible, Baldwin, Atlantic Gulf, American linssed, Reading. Canadian Pacific and low-priced railroads in brisk demand. Call money ruled at 7 per cent, and sterling touched, 33.64, or one and one-half cents above yesterday's lowest.
